Barbecue Honoring Schiller April 25

A barberue honoring Milton Schiller, Cameron candidate for state representative is scheduled 7:30 p. m. Wednesday, April 25 at Cameron City Park, E. Fourth St.

Boosters for Schiller, seeking the Democratic nomination for new District 45, Milam, Robertson and Burleson Counties, are invited to attend.

A large number of boosters from the three - county area is anticipated.

Children's Day
Smiley To Visit

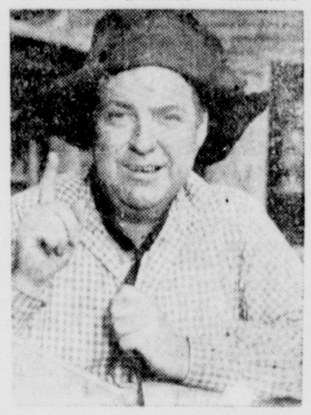
Hey, kids, Smiley Burnette is coming to town.

The town is Cameron and date is Thursday, April 26, for three shows: 1:30, 4:30 and 7:30 p. m. at the Milam Courthouse Square.

It will be Cameron and the Milam area's first view of Gene Autrey and Roy Rogers' famous cowboy side - kick.

Smiley loves his work, visiting and entertaining kids. And Cameron, through three committees of the Cameron Chamber, hopes to have thousands of youngsters on hand to visit with Burnette, who prefers to be known as "Ole Frog."

It will be declared "Children's Day" April 26 for the Western personality.



Smiley Burnette

People attending Smiley's performance, made possible through co - operation of Cameron merchants, will be assured of seeing an unusual personality. He plays numerous musical instruments. And he is the composer of some 300 songs including "Ridin Down the Canyon", "Lazy Day", "Mama Don't Allow No Music" and others.

All will not be singing and jokes. Burnette will hold autograph parties after each performance, Chamber officials announced.

When asked about his show, Smiley said: "In the some 170 pictures I made, you'd think I would be clear out of tricks. But I do several sound effects like outboard motors, flies, bees, airplanes and racing cars and others the studios didn't know I could make."

But laughter is his first interest and he likes to make people "laugh all the way down to their shoes."

Members of the publicity committee of the Chamber met earlier this week to outline details for Smiley's visit in Cameron. He has been promised a police escort around town, a reception at noon and personal visits before his shows begin.

There will be a radio interview, announcement of Cameron slogan contest winner, prizes for visitors in Cameron and many other things.

But mostly there will be lots of fun.

5-Point Blast Leveled Against Parimutuel Issue

Members of the Cameron Ministerial Association and some laymen met Sunday and drew up a five - point condemnation of the parimutuel betting referendum to appear on the May 5 Democratic primary ballot.

Members of the Milam Democratic Executive Committee voted to place the issue on the Milam ballot after once nearing a vote to keep it off.

But County Chairman Max Mc Claren announced two weeks ago that the Committee voted to put the issue on the ballot, but would would issue a resolution of disapproval.

Some resistance to placing the referendum on the ballot developed first in McLennan County as well as in Milam. Cost of the additional judges and printing was expected to cost $1,500 more in McLennan and about $850 in Milam, McClaren said.

The resolution, printed in full on Page 9, urged defeat of the issue for five reasons:

ONE — "It is a basic issue of morality involved in the legalizing of gambling of any sort.

TWO — "Legalized gambling would bring gamblers to our State thereby placing in our society an undesirable element.

THREE — "The passage of this issue would create what is commonly known as bookie joints which have been from time immemorial the local centers of vice of all types.

FOUR — "The passage of this issue would be undermining influence to the family unit in that it would deprive families of necessary income when spent on gambling.

FIVE — "Because the gambling syndicates of the world are now and always have been the reigning monarchs in the fields of crime and we do not want them invited to our State."

In an official statement two weeks ago, the Milam Democratic Executive Committee noted that many laymen and pastors had telephoned McClaren, expressing their disapproval of the referendum.

The Committee reported that its members felt it would be undemocratic not to allow people to vote on the issue, but went on record against the issue because of the additional election cost to candidates, placing family income in jeopardy and terming the referendum "Backdoor legislation."

Texas Med Plan Reviewed Here

The two - phase Texas Medical Care program Wednesday was explained by Weldon Watson, assistant to the director of the Texas Welfare Commission.

Watson told Cameron Rotarians the three - month - old program has two phases: in - patient hospital care and nursing home care.

The in - patient program encompasses the use of Blue Cross Insurance program, he said, costing $8.68 per person per month.

Following passage of a Texas Constitutional amendment, the program calls for an expenditure of $24 millions annually, 75 per cent federal and 25 per cent state funds

MEDICAL TREATMENT

This phase of the program provides hospital care of $10 per day for the first 15 days, $5 per day thereafter and a schedule of funds for surgical and medical treatment. Payments go directly to the hospitals or physicians, he noted.

About 3,000 elderly people are receiving funds through the nursing home program, also started January 1, Watson continued. It provides for room and medical care ranging from minimum to moderate and maximum payments, depending on the physical condition of the people.

"Texas was the first state in the nation to adopt the program", he said. "Three companies, two beside Blue Cross, submitted proposals and Blue Cross was selected on what could be termed as a bid basis."

He noted that 220,000 people in Texas over 65 who are receiving old - age benefits are eligible for this program.

But later in his talk, he noted that proposals to place Medical Assistance for the Aged under Social Security would encompass another half million Texans. A provision under that federal proposal, being debated throughout the nation, would enable people earning less than $1,500 annually to gain medical care under MAA.

SEE SS BOOST

Watson projected the cost of such a federal program and estimated an increase of current social security withholding from 6¼ per cent to 16 per cent in 10 years.

"Cost", he said, "of such a federal program would approach $1.5 billions to $2 billions annually under Social Security."

Both employer and employee pay half of payroll social security withholdings.

Watson said "utilization of the new state program is good."

He cited the case of Washington State's medical program which now costs $35 per month per person and projected cost is $150 millions for Washington State.

"There must be some answer to medical care short of socialized medicine," Watson said.

"These facts exist," he said before elaborating on the controversial Social Security proposals for medical care. "It always comes to the question of who is going to pay for these programs."

He was introduced by Bill Burns, program chairman.

Cameron will be host to Smiley Burnette April 26. "Ole Frog" will make personal appearances in a number of places in Cameron and present three shows at Milam Courthouse lawn.

The long - time side - kick of Gene Autry and Roy Rogers will be the star attraction for the Children's Day feature being boosted by the Cameron Chamber of Commerce.

He will be the first celebrity to visit Cameron since the appearance of John Connally at the March Chamber of Commerce banquet.

City Library Cites U.S. Library Week

Officials of the Cameron Library Board have invited area residents to visit the Cameron Library during the current National Library Week.

And a special tea will be held 3:30 to 5 p. m. Tuesday, May 1, for the public to visit the Cameron Library.

Cameron Delphian Club is inviting the public to visit the 112 E. First St. location and increase interest and support for the Cameron Library program.

To date, the Cameron Library has received or purchased 2,912 volumes, officials noted. Checkouts of the books for the first three months of each of the past five years has shown an increase use, except for a dropoff this year.

Officials point out the need for additional books to keep the checkout program on the increase. About 400 books have been contributed or purchased by the Library since July, 1959.

Comparative use of the Library since 1957 shows for January, February and March of each year: 1957 -- 148 books, 1958 -- 271 books, 1959 -- 416 books, 1960 -- 324 books, 1961 -- 438 books and 1962 -- 287 books.

The peak checkout in the first three months of 1961 was due in part to interest generated in a Library building program which culminated in moving the shelving, tables and books to the present location in November, 1961. Library Board officials are planning additional efforts for operating and building funds.

Dr. George Bowman, Library Board president, extended an invitation for Cameron and area residents to visit the new location this week and assist in the program of improving Cameron Library facilities.

Yoe Judging Teams Qualify For State Contests At A&M

Yoe Highs FFA judging teams won high honors in the Area III Judging Contest at Texas A & M College Saturday. The Poultry and Livestock teams qualified for the state contest to be held May 5 at A & M.

50-Barrel Well Flows Near Sharp At 1,100 Feet

Milam County's newest wildcat, the Cherry & Rickey No. 1, Paul C. Graves, was brought in early this week as an estimated 40 to 50 barrels per day producer.

The well reportedly was waiting on tanks to be moved in so a potential test could be run.

Location of the well is on a 197 acre lease in the R. Davidson Survey, about three miles west of Sharp. Depth is 1,100 feet.

The wildcat was drilled by two Bartlett operators, Cherry & Rickey, who about two months ago had filed an intention to drill the test on a 3,000 foot permit.

The wildcat reportedly made some gas as well as oil.

County Agents Notes

Pillbug Control Methods Told

By J. D. Moore
Milam County Agent

With the onset of spring, we have the usual infestation of Pillbugs invading flower beds, etc.

These insects feed mostly at night and are difficult to control Pillbugs are classed as ainmals rather than insects but often cause damage to tender plants. Thest pests are light gray to slate colored and 1-2 inch long. They roll up in shape of a pill when inactive.

CONTROL

Use 10 per cent Chloradane, 5 per cent DDT or 2 per cent Lindane. Commercially prepared baits are popular. Apply dusts directly onto the feeding area and in a band around the base of plants to be protected. Baits should be broadcast in early morning or late evening.

Prepare baits may be purchased at local drugstores, feed and seed stores and many grocery stores carry these supplies.

NOACK'S CATTLE SCORE HIGH IN CONTEST

Loen Noack, Hereford breeder at Rockdale, sends the following report on his entries in the Pan-Tex Feed lot test. Noack's entries consisted of 4 registered Hereford Bull calves 14 to 15 months of age. These animals were placed on a 140 day performance gain test at the Pan - Tex Experiment Station, These bulls ranked First in the entire contest on efficient gain. They gained 421 pounds for a 3.02 pounds per day averagt. Their cost per 100 lbs of gain was $13.31.

These young bulls were sired by a R Domino the 8th Herd Sire and were also the highest selling bulls in the sale.

Kentucky paid Noack $1550 for highest sale bull in the test. Texas Tech College paid $1250 for one and American Breeders Ass'n paid $1250 for one. The fourth bull sold for $850 to Matt Davis, Hereford Breeders.

Noack is to be congratulated on this fine accomplishment.

COTTON REPORT

Spot market activity remained seasonally slow. Prices were generally steady. Shipper buying was light. Domestic mill interest slackened. Foreign demand continued fairly good. Light to good rains fell over most of the area.

Prices for Middling 1" cotton were steady at Dallas, Houston and Lubbock this week, quoted Thursday April 5, at 33.50, 33.25 and 33.00 cents, respectively, unchanged from last week. In the Galveston market prices strengthened around 50 cents per bale, quoted at 33.50 cents compartd with 33.40 cents. There were no changes in the premiums and discounts. The demand for spot cotton remained very light. Shipper buying was selective and small in volume, confined mainly to qualities needed for early deliveries.

In central, East and North Texas fairly good rains were reported in all sections. The West Texas area received rains in various amounts ranging from ½ to 1½ inches. Late reports indicated moisture was now sufficient to plant in most all counties. A large acreage has been planted in the Upper Coastal and South-central Texas area; however, the rains could cause some replanting to be done.

Milam ASCS Report

By Milam County ASCS

The 1962 Feed Grain Program sign - up period has been extended through April 16. The purpose for the extension is to give those farmers who have suffered a set - back in their spring farming activities due to bad weather, more time to work out their 1962 crop plans.

Up to the date of this writing 1118 farms in Milam County have signed intentions to participate. This is 98 per cent of the total 1961 participants, and 65 per cent of the total 1732 feed grain farms in Milam County.

A total of $354,124.36 have been figured for advance payments that can be made this spring for all farms signed. This is about half the total payment to be earned. Payments will be "in - Kind" from Commodity Credit Corporation - owned feed grain stocks. the cash equivalent of the in - kind However producers may receive payment and ask the CCC to act as their agents in marketing the grain. Provision is also made for producers to obtain grains directly as payment from CCC stocks, if stocks are available locally, or to use the payment in purchasing grain that they have under price support loan.

Of the $354,124.36 possible as advance payments for acreage put under the program thus far, $317,994.81 in sight drafts have been issued to participants and no certificates for redemption of CCC-owned feed grains have been requested.

The 1962 feed grain program is similar in operation to the program for 1961. The program provides for payments to producers who place feed grain acreage in conserving uses. These payments will maintain farmers' incomes, and the acreage reduction will continue the trend started with last year's program to bring about a better balance between fed grain production and needs.

Tickets Available For Rogers Dinner

ROGERS —Tickets are now being sold to the Rogers Volunteer Fire Department's "Bar-B—Q and Political Rally" which will be held at the new fire station in Rogers on April 28 from 6 to 8 p. m. with plates at $1.50.

The political rally this year is expected to draw even a larger crowd than the record crowd of two years ago. Tickets may be purchased from any volunteer fireman, or in the First State Bank.

Soil Test For Phosphorous Now More Accurate

COLLEGE STATION — An improved procedure for determining soil phosphorus is now being used by the soil testing laboratories operated in the state by the Texas Agricultural Extension Service.

Soil Chemist W. F. Bennett said the change will give a better indication of the phosphorus status of the soil, particularly the heavy textured kinds.

The new procedure is the result of several years of research work by Texas Agricultural Experiment Station personnel, Bennett said.

Many soils will show higher phosporus values with the new method. The change results in the removal of certain types of soil phosphorus not extracted by the previously used mothed, the chemist added,

The higher phosphorous values will tend to occur primarily in the heavy textured soils of the Blacklands, the Coast Prairie, Rio Grande Plain and the Rolling and High Plains. The Houston black clay soils, for example, which have been properly managed and fertilized with phosphorus during the past several years may show levels up to 40 to 60 pounds of phosphorus per acre compared with 10-15 pounds under the previous methods of determination. The same will be true of the Pullman clay loams of the High Planins and similar heavy soils.

The use of the new procedure in the soil testing laboratories will permit us to more accurately preduct the need for phosphorus fertilizer, Bennett concluded.

4-H CLUB ACTIVITIES

By Pat C. Garner
Ass't Milam County Agent

Broiler growers are making good progress with their broilers. All broilers that have been checked are growing and feathering well.

It is only about three and a half weeks until the show on April 28. It is important that broiler growers do a very good job of feeding in this time to have their broilers properly developed and finished for the show.

Broilers are judged on finish, feathering, fleshing and body type. Proper feeding will influence fleshing and finish considerably. It is necessary that the broiler finisher you are feeding contains a 18 per cent protein and 3 per cent or above added fat.

Increasing feed consumption and adding the yellow coloring under broiler's skin are important. This can be done by sprinkling yellow corn meal or cracked corn on the feed 3 or 4 times daily. Feeding a wet mash twice or three times daily will also increase feed consumption.

Good feathering can be accomplished by providing plenty of good fresh air and ventilation. At least three sides of the broiler house should be open during the day and should be left open at night to insure good feathering.

Ten days before the show, take one pound of corn gluten meal, one pound of cracked yellow corn and mix them with eight pounds of broiler finisher. Feed this ration until three days before the show. Mix one half cracked yellow corn and one half finisher and feed the last three days before the show.

Mrs. B. B. Matocha of San Antonio spent the weekend with Mr. and Mrs. B. J. Matocha.

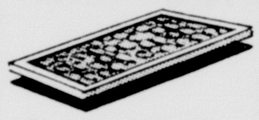
FILTER TIPS:



- Now is the time to check the filter on your air conditioners.
- If your filters are dirty, replace with new ones or, if you have a cleanable type, clean thoroughly.
- A clean filter improves the movement of the air . . . gives more cool air . . . cuts dust and pollen to virtually zero.
- For information or assistance, call your dealer, air conditioning serviceman or TP&L.

OLD Mr. BOSTON

YOU'RE MAKING A BIG MISTAKE IF YOU'RE NOT DRINKING 80 PROOF GIN!

If you think higher proof means higher quality — *that's* a mistake.

If you think you have to pay more money to get a better gin — *that's* a mistake.

If you think the gin the English drink is more than 80 proof — *that's* a mistake.

You should know, to begin with, that America is the only civilized country in the world that drinks high-proof gin. The British, who perfected gin, wouldn't think of it! They know that gin has an ideal taste and flavor balance at a milder, smoother 80 proof. Here's the whole story:

80 PROOF GIN TASTES BETTER

"Proof" is no measure of quality. It's a measure of alcohol content alone. (100 proof means 50% alcohol.) Alcohol itself has no flavor. The pleasant taste of gin comes entirely from the herbs with which it's distilled.

The best test of gin is to drink it straight or on-the-rocks. You'll find 80 proof gin has the big taste advantage of 80 proof mildness — with the same full flavor of higher proof gin.

80 PROOF GIN COSTS LESS

Gins are taxed by the U.S. on their proof or alcohol content, only. The lower the proof — the lower the taxes, and the lower the cost to you. When you buy an imported label, you add the cost of shipping and duties. That pushes the price even higher, without giving you 80 proof quality.

80 PROOF GIN MAKES BETTER MARTINIS

It makes them extra dry, as you like them, but not extra strong. Twenty years ago, the 3-to-1 Martini was standard. Today, with the trend to dryer Martinis, they're made 6-, 7-, even 8-to-1. As a result the modern Martini has climbed from a smooth 76.5 proof to an overwhelming 84 proof! Solution? Mix with 80 proof gin. It gives you the same full, dry gin flavor, but it returns the Martini to its original, more moderate proof.

80 PROOF GIN MAKES BETTER TALL DRINKS

When you mix a tall drink, like a collins or a gin 'n tonic, you dilute the strength of the gin "to taste." You also mix for balance of flavor. 80 proof gin will give you better balance. You don't have to drown it to drink it.

HOW TO MAKE DRY MARTINIS MAKE MORE SENSE

	Using Standard 36 Proof Dry Vermouth	Using 90 Proof Dry Gin	Using 80 Proof Dry Gin (or Vodka)
3 — to — 1	(Traditional)	76.5 Proof	69.0 Proof
5 — to — 1	(Dry)	81.0 Proof	72.6 Proof
8 — to — 1	(Extra Dry)	84.0 Proof	75.1 Proof

(The "standard" proof for today's bottled Martinis is a moderate 67.5 proof!)

OLD MR. BOSTON IS THE FINEST GIN YOU CAN BUY

It's vacuum distilled at an unusually low temperature in special glass-lined stills. Only at such a low temperature, is it possible to capture the most delicate essence of the herbs. This is one reason for Old Mr. Boston's flavor distinction. It is America's first and largest-selling 80 proof Dry Gin!

Murray-Go-Round

By Tom Murray

If yoiu have never seen Frank Howard smash a baseball out of sight, you have not lived.

John Glenn's capsule couldn't have left Canaveral any quicker than the spectacular smashes the 6-7, 245-pound Los Angeles Dodger sends out of your baseball yard.

Oh, you say he's giing to have a hard time hitting them out of that county Houston roped off for a outfield.

Like we said, if you haven't seen this giant hit one, you've never seen a home - run. Those 400-foot fences at Houston will hardly hold Howard's long ones.

Several of his major legaue round - trippers have been taped at over 600 feet! Like that one at Pittsburgh in 1959 when the Pirate radio announcer, arriving late at the park, had his auto dented by a Howard homer, 625 feet from home plate.

Mickey Mantle, Roger Maris, Harmon Killebrew, Hank Aaron, Duke Snider and Willie Mays hit 'em often and long. But, make no mistake, Howard's pitcher - murdering smashes are going to make the hair stand in the back of your neck.

Frank hits the ball two miles long, but three miles up. The little white pellet is still climbing when it leaves your sight limit. Allen Russell, Houston Ticket Hustler, stared in horror one 1958 night as the former Ohio State basketball star powered four out of the park against his Austin Texas League Senators.

The smartest thing to do swore the Colts' Master Manipulator, "is walk him". Ernie White, managing Austin, told his pitchers to keep the ball low on Howard, then Victoria right - fielder. After the four - homer spree, Ernie Moaned "I guess I shoulda' told 'em to throw it UNDER the plate!"

Mark your Houston Colt schedule on dates Walter Alston and Leo Durocher bring their Dodgers to play Harry Craft's Colts. You are neither too old, nor too young to be thrilled by Frank Howard.

Pete Reiser, Dodger coach and one time Brooklyn immortal swears the Hotel - sized Ohioan will become the greatest hitter of all time.

—

MOVING IN—AND—OUT:

Howard did an awesome thing first time we saw him take a cut in the Texas League. At Austin one night, his right hand slipped from the bat as he zeroed in on a pitch. But he drug the bat through with tremendous whip and hit a ball 425 feet over the scoreboard in left - center, using only his left - arm. Not bad for a strictly right - handed swinger.

—

One sharp member of Darrell Royal's Univeristy of Texas coaching staff studied pictures of the 1941 Longhorns to compare the legendary Jack Crain with '61 All-American James Saxton, then told a gathering: "I studied those films carefully, and this is a personal choice, but I'd take Saxton.

An SMU alum says he'll be glad to quit bragging about Doack Walker if Hayden Fry can just come up with something current to make him proud ..... When the Yankees beat Detroit in 10 of 18 meetings last season, reliefer Luis Arroyo figured in seven of the wins. Luis made his first OB splash with the Houston Buffs ..... Blackie Sherrod says if we keep doing the Twist in this country the Congo will be sending the peace troops over here ..... One writer says the best description of Arnold Palmer came from a fancy - penned British writer: "He is so architecturally composed, he resembles an unheated cathedral."

Information On Coastal Bermuda Related By USDA

By Wayne Mann

Enough has been said about the merits of coastal Bermuda in the Central Texas area around Milam County. The so - called pioneers who planted the grass about ten years ago, saw that it was tried on nearly every soil type in the area from our heavy clay soils such as Houston and Bell clays to the Watermelon sands known as the Lakeland Series. Men such as Clyde Hensley, Lawrence McClaren, Tom Head, Joe Glaser, E. A. Perrin, Morris Coward and Roy Barmore are a few who started back in the drouth years with the grass and have proved and promoted it in the Taylor and Central Texas Soil Conservation District areas through the years.

Each year the trend has moved more and more to a grassland type of farming. It has reached a climax this year. We have three or four times as many contract spriggers as we had last year. The Soil Conservation Districts have added spriggers to the area and more individuals now have their own. The demand is still ahead of the suppy.

The land use change from cropland to grassland, coastal Bermudagrass, is moving fast. The Agricultural Stabilization and Conservation Committee has recognized this change. They are approving more conservation funds to this conservation practice than ever before. The Farmers Home Administration has funds for conservation loans to make land use changes and the Soil Conservation Service is scheduling more time for technical assistance on grass planting.

Milam County farmers have recognized the national need to take a large part of our cropland out of cultivation because of overproduction and conservation need. Our county is in the lead on this and is moving faster.

GOP Candidates At Picnic Here

Five of the top Republican candidates for statewide office attended the picnic which about 40 Milam County GOP Leaders held in Cameron Saturday to launch an active political organization in this area.

The five candidates were: Roy Whittenburg, campaigning for Governor, Bill Hayes, of Temple for Lieutenant Governor, Joe B. Phillips for Congressman at Large, Giles Miller, also for that office, and Harry Hubbard for Commissioner of Agriculture.

Whittenburg arrived at the Cameron airport in his private light plane; the others came in by automobile. Several of the candidates were accompanied by their wives and children.

The picnic, held in the Methodist Church Fellowship Hall Saturday from 11 a. m. until 4 p. m. was attended by a number of Republicans and conservatives from all parts of Milam County.

Jack Tumlinson, county chairman, and James E. Luckey, the picnic chairman, said they were pleased by the size of the turnout. Both also said they were pleased at the sale of tickets for the picnic.

"We believe we probably raised enough funds to pay expenses for holding our May 5th party primary," Tumlinson said.

The visiting candidates spoke briefly, outlining their views on state and national issues. These included a suggstion by Bill Hayes for a reduction of the state sales tax to a one cent across the board measure. Also a proposal by Hubbard for a gradual disentanglement of farm controls to give farmers more freedom to use their own land.

And Phillips pointed out that the election of a Republican as Congressman - at - large would, in effect, give this district two congressmen and one of them to whom conservatives could turn to represent them in Washington.

THE CAMERON HERALD

More Local Coverage Than All Outside Dailies Combined

Herald Editorial Page

During National Library Week . . .

It has been five months since the Cameron Public Library moved to its present quarters at 112 E. First St.

And in those five months, check out of books and improvement of the four-room facilities have been impressive.

These are points of interest during National Library Week.

Now more often, Cameron school students are finding the library's facilities a good supplementary source in work related to school projects.

And additional volumes are being contributed monthly to meet the growing need for books here.

It is good to see this interest slowly, but surely add depth to interests of Cameron's adults and students.

The Cameron Library has three rooms for its some 3,000 volumes: the reception room, used also for children's books; the fiction room, for novels; and the reference room for encyclopedia and dictionaries. In addition, there is a separate room for surplus storage and book repair.

This much improved facility is a transition from the frame building left in November to the hoped-for new building at the E. Fourth St. site. We look forward to the day when the library site can be replaced by the library building planned in Library Planning Board meetings last year.

The Cameron Library has come a long way since it was first opened in the early 1950's. And so has the interest in reading in this area. No doubt, the two go hand in hand.

Donations for books have not been limited to the Cameron Public Library. The Cameron Parent - Teachers Association gave $100 for books in the Yoe High School Library just a few weeks ago.

Cameron can be justly proud of its efforts to further the interests of its library. And it is timely to visit your Cameron Library sometime this week and see the improvements, the basis for greater interest in the overall library program in Cameron.

National Library Week is a good time to remember these things.

Ag. Comm. Views Grain Problems

By Vern Sanford

AUSTIN — John White, State Commissioner of Agriculture, injected a bright note in the Billie Sol Estes investigations when he predicted, "I am confident that the grain storage picture is going to come out all right."

He and his men completed inventory of grain in elevators Estes owned at Lamesa and Levelland. They assured receipt-holding farmers that their grain is there.

The State's responsibility lies in supervision of elevator's where farmers store their grain and then borrow money against their warehouse receipts.

White suspended the licenses of five grain elevators in which Estes has an interest, and sent his men to check the contents against warehouse receipts. Then he announced temporary warehouse license suspensions on Hale County Grain Company and Southwestern Grain, Inc., both in Plainview.

W. L. Cooper of Plainview, operator of one of Estes' large grain storage facilities, is also listed as operator of these two warehouses. William M. King said his investigators are checking evidence which would tend to show Estes has violated the Texas Securities Act.

MEASLES POPPING OUT ALL OVER

A remarkably rapid spread of measles was noted by the Texas Department of Health last week when 99 counties reported 4,316 new cases.

More than a third of the week's total was reported by health officials in Jefferson, Nueces, Dallas and Travis Counties. Jefferson County listed 479 new cases; Nueces County, 470; Dallas County, 282; and Travis County, 263.

During the first quarter of 1961 the measles outbreak totaled only 4,441 cases. First quarter this year a total of 32,538 outbreaks have been reported.

Dr. Van Tipton of the Health Department's communicable diseases division said the epidemic followed a trend of light incidence one year and heavy the next. He said enough children seem to escape the highly-infectious diesease one season to catch it the next time around.

EMPLOYMENT HITS NEW HIGH

Unusually mild weather caused employment in the State to reach a record high for February. Texas Employment Commission announced 3,346,900 jobholders that month, as compared to 3,330,100 in January and 3,312,300 for February of 1961.

Warm weather was favorable for construction workers, agricultural employees and other outdoor workers, and helped reduce the number of unemployed from 239,900 to 189,900. The commission predicts an even better employment picture by mid - April, if prospective manpower needs reported by employers hold true.

FARM BUREAU NAMES REPRESENTATIVE

Texas Farm Bureau appointed Charles H. Huff of Taylor as its new leglisative director. Farm Bureau President J. H. West said Huff will move to Austin, soon, to replace Bob A. Lilly.

The new director is well - seasoned in Capitol contact work. He served as full time assistant legislative director during the regular and special sessions of the Legislature last year.

Huff is a graduate of Texas A & M College. He served as associate county agent in Panola County prior to joining the Farm Bureau staff as field representative in 1959.

COUNCIL DEFENDS SYSTEM

"How do you deal with the extremely aggressive, hostile student?" asked Dr. James A. Turman when the Texas Youth Council conferred with members of the Texas Citizens Committee of the National Council on Crime and Delinquency.

Youth Council's executive director referred to criticism from the committee's vice chairman, Mrs. Edmund P. Williams of Corpus Christi, who earlier had called the barbed wire fence around Gatesville's Mountain View School, "the only one of its type outside Nazi Germany."

Dr. Turman said two such security units in California are fenced. He joined council chairman Robert W. Kneebone in informing the committee that Gatesville inmates include 387 boys who have committed serious crimes -- 45 convicted on murder charges.

The citizens committee proposed a stateside study of community services for delinquent children, which the Youth Council said it would welcome. However, it already has retained a prominent authority, Dr. Austin McCormick, to survey the five detention institutions it overseees.

PTA Hears Program

On Aerospace Age

ROGERS — "Effective Learning for the Aerospace Age" was the topic for the monthly program of the Rogers Parent Teachers Association meeting Monday in the school gymnasium at 7:30 p. m. the Rev. Frank Simcik, pastor of the Ocker Brethern Church. The program was presented by the First Vice - president, Mrs. Edwin Psencik with Mrs. Floyd Frits, president presiding.

The High School Student Council, with Brian Harbour as president, presented a skit. The skit, which was written by Brian, presented several members of the Council discussing the marvelous happenings of the space age and how many hundreds and thousands of years were consumed in learning up to this age when things are now taking place by the minute.

The monnthly display of teaching projects was prepared by the junior high school grades. The display featured science.

LITTLE RIVER PHILOSOPHER

Philosopher Says Government Economy Some Place Else Is What Most People Want

Dear editar:

One of the advantages of having a farm problem is the satisfaction you get out of realizing you aren't by yourself, practically every other form of enterprise has its problems too.

Take the United Nations, according to an article I read in a newspaper last night between westerns, the United Nations is financially embarrassed; well, it's broke. Hasn't got enough money to finance its activities and is doing the only thing any man or nation in its right mind would do, namely, ask Washington for a loan.

Actually, this shouldn't be embarrasing. It happens all the time I know a lot of people with fine, beautiful ideas who can't pay their bills.

Now this shouldn't be interpreted as an attack on the United Nations, that outfit has enough troubles worrying about countries all over the globe without being bothered by this Johnson grass farm, and I might point out I know some people also who can pay their bills whose ideas ain't so fine and beautiful, not according to my notion.

One of the complaints over the financial plight of the United Nations is that some nations vote to send help to some country in trouble, then refuse to pay their share of assessment.

As long as the U. N. is run by people, it might as well expect this sort of thing. Two thirds of the people who clamor for economy in Washington will vote for a Federally - financed project for their own neck of the woods, and I know some big shots from cities whose idea of economy is to make one trip to Washington do to appear before some Congressional committee asking for money for their city on one hand and economy for the rest of the country on the other.

What most of us want is one-footed economy. When economy shows up on the other foot too, then's when we holler.

Yours faithfully,
J. A.

April 16-Deadline For Income Tax

Monday April 16 is fast approaching for those taxpayers in the Austin Internal Revenue Service District who have yet to file their Federal Income Tax returns for 1961.

R. L. Phinney, District Director of Internal Revenue in Austin urges Taxpayers to avoid the last minute rush -- to make every effort to prepare and file their own specialist is a sound investment for highly complex financial problems, but complicated tax matters may be solved by telephoning your nearest Internal Revenue Service office," Phinney said.

Taxpayers residing in the Austin District should mail their returns to the District Director of Internal Revenue, 314 West 11th St. Austin. The Austin District comprises the area south of and including the counties of El Paso, Hudspeth, Culbersin, Reeves, Pecos, Terrell, Val Verde, Edwards, Kimble, Mason, McCullough, San Saba, Lampasas, Hamilton, Bosque, Somervell, Hill, Limestone, Freestone, Leon, Madison, Walker, Trinity, Polk, Tyler, Jasper and Newton.

Mrs. Maude Mullinnix and Mrs. Mamie Lunsford had as guests Sunday Mr. and Mrs. Jones of Taylor, Mr. and Mrs. Schweng and daughter of Austin and Mrs. Brown of Austin.

RESOLUTION

THE STATE OF TEXAS
COUNTY OF MILAM

Whereas, on April 8, 1962, there was duly assembled in Cameron, Texas, the Ministerial Association and interested laymen of various Churches of the City to consider the impending referendum issue on the legalization of parimutuel betting on horse racing in the State of Texas, and

Whereas, it was unaniously agreed by those present that the issue should be defeated for the following reasons:

1. It is a basic issue of morality involved in the legalizing of gambling of any sort.

2. Legalized gambling would bring gamblers to our State thereby placing in our society an undesirable element.

3. The passage of this issue would create what is commonly known as bookie joints which have been from time immemorial the local centers of vice of all types.

4. The passage of this issue would be undermining influence to the family unit in that it would deprive families of necessary income when spent on gambling.

5. Because the gambling syndicates of the world are now and always have been the reigning monarchs in the fields of crime and we do not want them invited to our State.

Therefore, it is the duty of the Christian people to speak their thinking on issues such as this, and

NOW, THEREFORE, BE IT RESOLVED that the Cameron Ministerial Association and the lay people of their congregations present and assembled hereby express their objections to the issue of the legalizing of parimutuel betting on horse racing and urge that the voting public defeat the same at the May 5 Democratic primary.

FILTER TIPS:

- Now is the time to check the filter on your air conditioners.
- If your filters are dirty, replace with new ones or, if you have a cleanable type, clean thoroughly.
- A clean filter improves the movement of the air . . . gives more cool air . . . cuts dust and pollen to virtually zero.
- For information or assistance, call your dealer, air conditioning serviceman or TP&L.

A Report

TO THE CITIZENS OF MILAM COUNTY

(An Editorial Reprinted from the Hearne Democrat, March 30, 1962)

ANOTHER INSTANCE OF INADEQUATE REPRESENTATION

The recent U. S. Supreme Court ruling which held that lower courts may determine whether apportionment of legislative seats discriminate against city dwellers has focused attention on one instance where representation is inadequate. Legislative districts in many states had not been changed to reflect the massive population shifts of the last 20 years. City voters, feeling that this was unfair, entered suits which finally found their way to the nation's highest court. As a consequence, the court held that such imbalance of representation was unconstitutional.

There is a different but closer instance of inadequate representation which Robertson County has experienced for many years -- but it is entirely constitutional.

For nearly 18 years our present state representative has had the responsiblity of speaking and acting for this county. For a shorter period of time he has represented Milam County also and now must serve Burleson County which has been added to this district.

Legislative representation does not mean the simple casting of a vote when the time arrives to go on record. In a large sense representation also means making an effort to influence the legislation upon which the ultimate vote is taken. The degree to which this influence is successful is the true measure of effectiveness and it is in this area we feel that this district endures inadequate representation.

Representatives of ability, who have served considerable years in the legislature, are customarily made chairmen of important committees thereby putting them in position to exercise decisive influence in the affairs of Texas and their own districts. In the last regular legislative session our representative emerged from the scramble for positions of responsibility on choice committees as Chairman of the House Committee on Military and Veterans Affairs and a Vice-Chairman of the House Committee on Engrossed Bills. In state government neither of these assignments is considered to be an important one. To round out his committee assigments he was made a member of the Agriculture Committee, the Constitutional Amendments Committee and the Judiciary Committee.

Vigorously opposing the incumbent for a seat in the legislature this year is Milton Schiller of Cameron.

A hustling, 24-hour campaigner with the personal touch, Schiller's prospects for winning the race are improving daily.

Schiller has served three terms on the Cameron city council and, currently, is president of the Cameron school board. Additionally he has a long record of being willing and able to engage in various projects of community service.

The determined effort which he is making to meet people of this district will present most everyone with the chance to talk to him and make a personal evaluation of his qualifications.

Inadequate representation, whether caused by outmoded district designations or a lack of ability on the part of the representative involved, is damaging to a district. Our problem in this respect is one which can be corrected only by the voters of District 45.

We believe that Milton Schiller is deserving of a chance to improve the quality and effectiveness of our representation in Austin.

Fairchild and all unknown persons owning, having or claiming any interest or lien in the property described herein, if living, and if any or all of the above named Defendants be dead, the unknown heirs of each or all who may be dead; and the unknown heirs of the unknown heirs of said above named persons; and the executors, administrators, guardians, legal representatives, legatees and devisees of the above named persons, who own or claim some interest in the hereinafter described real property, which is situated in Milam County, are Defendents, for taxes, penalty, interest and cost against the hereinafter described property;

WHEREAS, on the 19th day of March, 1962, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by the virtue of siad judgment and said Order of Sale and the mandates thereof I did on the 28th day of March, 1962, seize and levy upon as the property of the above defendants the following described property, situated in Milam County, Texas, to - wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

"All those two certain tracts or parcels of land, lying and being situated in Milam County Texas, each tract being a part of the County, said two tracts being more fully described as follows, to-wit:

FIRST TRACT: Beginning on the west line of said Wiley Harrison survey at the S. W. corner of Lot. No. 3; Thence N. 71 E. 1573 vrs. to the east line of said Harrison survey; Thence S. 19 E. with said east line of said Harrison survey to the N. E. corner of the J. F. Watson tract; Thence S. 71 W. 1502 vrs. to H. F. Jordan's N. W. corner; Thence S. 19 E. to the south line of Lot No. 4 (in Webb's north line); Thence S. 71 W. with the north line of the Webb tract, to the west line of said Harrison survey; Thence N. 20 E. with the west line of said Harrison survey, to the place of beginning and containing 108 acres of land, more or less, and being all of lot No. 4, except 26 acres heretofore conveyed to J. F. Watson and H. F. Jordan.

SECOND TRACT: Beginning at the S. E. corner of the above described tract, in the east line of said Wiley Harrison survey; Thence S. 71 W. with the south line of said above described tract to the N. E. corner of a tract conveyed to H. F. Jordan by H. F. Snively; Thence S. 19 E. with said Jordan's east line to his S. E. corner; Thence N. 71 E. to the east line of said Harrison survey; Thence N. 19 W. with said E. line of said Harrison survey to the place of beginning, and containing 14 acres of land, more or less and being the same land conveyed to L. I. Wilson by deed recorded in Volume 121, Page 554, of the Deed Records of Milam County Texas, reference to which is hereby made for a full and complete description."

And I will on the first Tuesday in the month of May, 1962, THE SAME BEING THE 1st day of said month, proceed to sell all the right, title and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Cameron, Texas between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having the interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, which ever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the defendants to have said property divided and sold in less divisions than the whole.

DATED at Cameron, Texas, this the 28th day of March, 1962.
Carl C. Black, Sheriff
Milam County, Texas.

HOW MUCH DOES HE WEIGH . . . . AND HOW MUCH WILL HE WEIGH?

HE'S QUITE interested in knowing. He wants to be "strong as an ox" and "tall as Dad"; even taller!

But this youth is interested, not only in physical growth, but in mental and spiritual development as well. Like other youths today, he is alert to the world around him—scientific discoveries, space travel, and other things that constantly startle everyone.

He knows that if he assumes a proper role in a world that becomes more and more complex, he must grow toward that role. He is fortunate with the realization that physical, and even mental growth alone, or both of these together, are not sufficient. The "inner man"—spiritual life—must be awakened and privileged to grow strong.

So, as he attends school, engages in clean social activities, and takes care of his "after school-hour job" for "spending money", there still is time for attention to spiritual things.

He is aware that a Christian home and a church that provides opportunity for spiritual food and training are indespensable for tall manhood.

One day, not so far distant, he will enter his chosen realm of life pursuit. Whatever business or profession he might enter, who would hesitate to predict that, with Christ as his inner life and strength, he will weigh as much as a man ought to weigh on the "Scale of Service" for God and humanity?

A world that already has been "weighed and found wanting" needs men, young and old, who "weigh enough"!

Are you interested in your "weight"?

St. Monicas Society Holds Meeting Tues.

St. Monicas Ladies and Christian Mothers Society held its regular monthly meeting Tuesday at Simon - George Hall.

Mrs. Anton Hanel announced that over twenty - four parishes were represented at the recent rural life meeting with over 100 parishioners from St. Monicas attending.

The Gold Bond Stamp Plan chairman reported that the society has over 1500 points toward a project item.

The society voted to give $10.00 for the purchase of the God, Home and Country Award to the outstanding 4-H boy and girl of St. Monicas Parish. The award will be presented to Jo Ann Hollas and Martin Jistel. It was also decided to donate $15.00 to the Madonna Plan.

Mrs. Thomas Sheguit was appointed chairman of a menu planning committee for the forth coming 4th degree Knights of Columbus Banquet. Serving with her will be Mrs. Lawrence Jetter and Mrs. Alfonse Shoppe.

The Altar and Sanctuary committee was in charge of the program. Mrs. Schigut gave a short talk on the Altar candles, vigil and voltive lights. Rev. John Geiser gave a talk and showing on significants.

Vince Krupicka Honored At Party

Vince Krupicka was honored on his birthday April 1 by his wife and family.

Those attending were Rev. and Mrs. J. Henry Brown of Waco, Mr. and Mrs. Adolph Krupicka and girls, Mr. and Mrs. Alvin Krupicka and son, Mr. and Mrs. Robert Krupicka and family of Robertson, Mr. and Mrs. Albert Vybiral of Temple, Mr. and Mrs. Alvin Pfannstiel and son of Buckholts, Raymond Krupicka of Buckholts, Marie Bezdek of Waco, Bill Graser of Waco and Marie Ann Bezdek of Waco.

Unable to attend were two sons and their families, Mr. and Mrs. William Krupicka and family of Heidenheimer and Mr. and Mrs. Ben Krupicka and family of Waco.

Two Milano Youths Enlist In Air Force

Leland L. Jones, 17 and Richard L. Davis, 18, both of Milano enlisted in the United States Air Force for four years.

According to M-Sgt. Howard R. Rasmussen, local Air Force recruiter, Jones and Davis have been assigned to Lackland Air Force Base at San Antonio where they will take basic training under the Buddy Plan. Upon completion of their training at Lackland Jones will receive training in the General Aptitude Area and Davis will receive technical training in the Mechanical career field to prepare them for a role on the Air Force Aero Space Team.

Mrs. Freeman Hosts Local DAR Meeting

The Sarah McCalla Chapter, DAR met Thursday with Mrs. J. D. Freeman of Maysfield as hostess.

After the ritual and Pledge to the flag, the program, "Antique Tableware" was given by Mrs. A. J. Mondrik.

The hostess was assisted by Mrs. Will Hefley in serving refreshments.

PERSONAL

Mr. and Mrs. Walter Senkel and Mr. and Mrs. Will Stoebner attended a singing festival in Austin at the Municipal Auditorium recently. Their grandson, Doyle Phillips, son of Mr. and Mrs. Curtis Philips, was among 857 ninth and tenth grade students giving the program.

Mrs. Marvin Charles of Austin Mrs. Annie Otto and son Donald, Mrs. Tommie Buckhingham and daughter of Austin visited in the home of Mrs. Gertrude Harriss.
